CAMPAIGN MIS-STATEMENTS IN THE AMERICAN-TRIBUNE FASTENED ON MR. CHRISTIAN

Charles L'H. Long, editor of the American-Tribune, was called to the stand Monday afternoon. He said the question of the $200 000 bond issue came up at that time, and the Tribune opposed it. Said it was because it was too early to agitate question for the franchise of the old company had not expired. Said he read all articles submitted by reporters

The Tribune was against the purchase of the Newark Water company for he said the price was excessive, and because the pipes of the two companies would parallel each other

The Tribune favored the $280,000 bond issue for the plant should be completed Didn't remember the stand taken by the Advocate. The paper still opposes the purchase of the plant The paper is owned by a company and he takes his orders from the manager

Asked who the managers of the paper were during this time, he replied Mr. Hatch was manager until August, 1909, then Mr. Christian was manager and now Mr. Neighbor is manager.

Examiner Heck said he had clippings from the American-Tribune and he would ask about them. Mr Long said he had heard of the North Fourth street work Said no one was paid by the paper for watching the work, and the only ones that worked were Scott and Criswell. Said he didn't know about Jones getting money from Christian. Didn't know whether Jones was paid or not for the work.

Said that the policy of the paper was dictated by the company. Hatch was a part owner and said more about work and policies than Mr. Neighbor does.

Was shown clippings as to cost of North Fourth street pipe laying and witness said he wrote it Figures for it were secured by reporter, but from whom the reporter got the figures he didn't know He was asked how the figures were secured that said the work would cost $556 63. After the report was made by Mr. Taylor, saying the work would cost $478.25, some one, either Scott or Criswell, said 19 men were working, 2 1 2 days each at $2.50. When he wrote the article he said he didn't know the men were making house connections; he took the reports submitted by Scott or Criswell.

He was shown payroll and said it is not the one of the first week he secured. The one Mr. Heck has was furnished by the B. P. S. Mr Long insisted the one he had bore the title "North Fourth street pipe laying."

All the payrolls for that work were brought out but none bore that title. Mr. Long then said he may have been mistaken. The articles said the payroll for a week was $240, but that amount does not appear on any of the payrolls, and Mr. Long said a mistake in the amount might have been made.

He never asked Taylor or Stinger for a statement of the work, he said his reporters.

his reporters

Another clipping from the Tribune, dated October 8, 1909 was then handed the witness to examine. The figures were furnished the witness by Mr Christian, who received them from Mr. Jones. This said that about $240 was paid the men for the week of August 23.

Asked if he had any means of ascertaining the actual cost of laying the pipe on North Fourth street, he said: "No sir, I didn't." Said it was corroborated by statements in the Advocate.

Still another clipping from the paper of October 2, was shown him. He wrote it Asked why the American-Tribune watched the North Fourth street work so closely, when the other streets were not watched He said the paper wanted to find out if the work was being done illegally Said Taylor wouldn't answer the question as to cost. This was printed in the paper and it became a political issue.

He denied that the argument was started because it would give the Democratic party some power by employing home labor. He admitted it became a big issue that was fought out by the papers.

He said that the paper took it up because material and labor wasn't separated and they thought it would cost over $500, which would be contrary to law If it cost over this advertisement for bids should be received. The legal question was then brought into the examination

Mr Heck asked where the difference came in between the work done by the city and by the York Construction company. Mr Long said he didn't think the work done by the city was in the general distribution system, as was that of the York company

Asked why the article said some men got $1 65 and others $1 50, he said he thought there was a discrimination in the work. Mr Long said the ditch diggers got $1 65 and some $1 50 Said he didn't know about it personally but was told about it by Mr Christian Heck Naylor, Hinger and Schlatter were the men supposed to be getting the "big money" while digging the trench Don't remember seeing the record sent by Jones He only knew about it through hearsay

Mr Long didn't think men who laid the pipe were more skilled than were the ditch diggers Said he thought men were glass blowers

He was then asked about an article mentioning illegal use of funds of the Board of Health. This article was written after "Examiner" L. C. Smith was here. Asked if he was sure it was taker from Smith's report. He said, "Yes, sir," and he was then given Smith's report to read to see if he could find this subject mentioned in it He failed to find it in the report, for the class of work was but of Smith's jurisdiction. Asked where he got the information for the article, he said he didn't remember He then read the article aloud.

Asked if he wanted to correct his statement that referred to Smith, he said he didn't until he was sure about it, so he was given the report to read the second time.

He was then asked about an article referring to the dismissal of Sanitary Policeman Wyiarch Said his information for the article came from Wyiarch and reporters. An article was shown him that told of the illegality of the present site, said his information came from Mr Christian Didn't know about Flory & Flory being paid $118 for their work Didn't know whether the A. L. & W. Co. or the city paid for it

A clipping of October 11 was produced referring to a claim by the A. L. & W. Co. against the board for 77 3-4 tons of pipe, costing over $2 265, after they found the Clow Co had been paid. It referred several times to "looters" and was quite lengthy Mr. Christian inspired the article and furnished the data. It referred in part to the 77 3-4 tons of pipe being "bad" This had never entered into the matter, the city made the claim that the A. L. & W Co wasn't entitled to this amount of pipe which they claimed they furnished.

The articles seemed to put the city solicitor in bad, but Riggs & Sherman endorsed the payment for practically this amount and Mr Long said that Mr. Christian furnished the information and that an error may have been made in the article Mr Long said that Mr. Christian was probably in error on the plainness of the two classes in the contract.

In looking back to the North Fourth street pipe laying an article was printed saying the pipe was not tested His information he got from Mr Criswell, who said the pipe was not tested.

Asked about an article that said Auditor Wulfhoop paid the A. L. & W Co $361,047.27, $1,000 more than was appropriated, he said his information came from a reporter. The item of $1,000 was sort of a subter-

MASSACHUSETTS REPRESENTATIVE AIRSHIP INVENTOR.

Washington, Feb. 1—Not content with being one of the most active members of congress and a declared aspirant for Senator Lodge's seat in the upper national house, Representative Butler Ames of Massachusetts

BUTLER AMES

is a rival of the Wright brothers He has just completed an airship in which he has made numerous satisfactory trial trips and has filed claims for patents on his invention The details of the airship have been kept secret, but it is known that a device to insure automatic balance is one of its main features Mr. Ames is a grandson of General Benjamin F. Butler and a son of General Adelbert Ames. He is a graduate of West Point and saw service in the Spanish-American war. Although he is only 39 years old, he is serving his fourth term in the house of representatives.

FIRE RAGING AT BALTIMORE

Baltimore, Feb. 1.—The big lumber plant of the Rosenhauer McLean Lumber company covering an entire block, is on fire and the flames are likely to destroy the entire structure. Several factories and dwelling houses in the neighborhood have caught fire. A general alarm has been turned in.

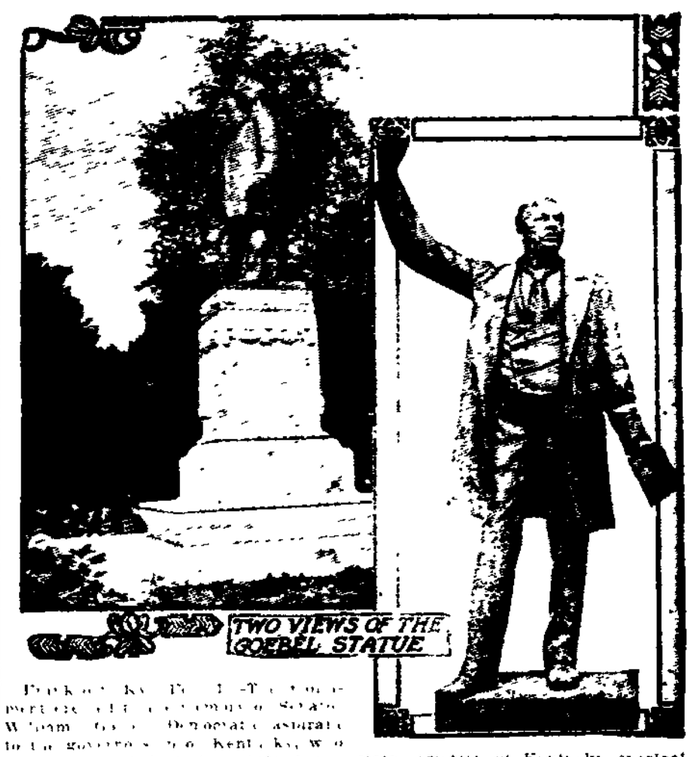

EMPLOYES AND OFFICIALS OF THE B. & O. CONFER REGARDING A PROPOSED WAGE ADVANCE

Baltimore, Feb 1—The wage question conference between Vice President Potter and committees representing the conductors and trainmen of the B. & O railroad company was held at the company's central building here Monday afternoon.

In addition to the members of the employes' committees, numbering seventy, there were present A. B. Garretson, chief of the Conductors' Brotherhood, E. G. Lee, chief of the Trainmen Brotherhood these gentlemen doing the talking in the main and which was along the lines with which the public is already familiar in the statements published as to the basis of the pay advance asked.

When the conference now on with other employes terminates so as to leave officials available, regular conferences will be held with the conductors and trainmen's representatives and the questions presented discussed and settled The date for the commencement of these will be fixed as soon as possible and those interested promptly notified

STATUE OF SLAIN STATESMAN, PARTLY PAID FOR BY CHILDREN.

TWO VIEWS OF THE GOEBEL STATUE

Frankfort, Ky., Feb. 1—The statue of William Goebel, Democratic aspirant to the governorship of Kentucky who was assassinated in the state house yard in January, 1900, was paid for by public school pupils, including dimes and nickles contributed by school children. The memorial stands in the state capitol of Kentucky overlooking Frankfort. Steps have been taken for the erection by the state of Kentucky of a more pretentious memorial in honor of Goebel.

SEINE SLOW IN FALLING

Paris, Feb. 1. From eight o'clock yesterday morning to eight o'clock today the Seine fell but 2 inches, measuring 25 feet 3 inches today. No more rapid falls is expected until the tributaries are relieved An urgent appeal was made today by officials of suburban towns for the government to pay more attention to their needs, which are considered greater than those of Paris itself. There is the most acute suffering and greater imminent danger of disease in the suburbs than in Paris. Everything has been sacrificed so far to save Paris.

Four Apaches were lynched this afternoon at Ivry, a suburb. They were caught looting an abandoned house and hanged by a posse of infuriated citizens. Two members were fatally shot at Bonneuil in a running fight between a band of pillagers and the police.

ITALY SUFFERS FROM FLOOD

Rome, Feb. 1.—The river Tiber has been rising steadily for several days and today has attained an unprecedented height. The lowlands along the banks are flooded and thousands are homeless.

Rescue parties of soldiers are carrying the inhabitants to the highlands and the government is taking energetic measures to relieve the suffering.

Reports from the head waters of the Tiber declare that the flood crest will be extraordinarily high and a warning to all of the towns along its banks to prepare for serious flood conditions has been sent broadcast.

USED AX

To Decapitate Companion After Having Trouble Over an Argument.

Marietta, Feb. 1.—Clem Coulter, son of a well-to-do farmer, walked into the sheriff's office Monday evening and asked to be arrested for the killing of Homer Hart.

It seems that Coulter, together with Homer Hart and some other men were hauling timber and Coulter and Hart got into an argument and Coulter nearly decapitated Hart with an ax. Coulter in his story claimed that he acted in self defense, but the companions of the two men claim that his actions were uncalled for.

BOYCOTT

Raises the Price on All Classes of Meat—As Usual, Consumers Suffer.

Chicago, Feb. 1.—That the packers intend to ignore the present anti-meat agitation, was apparent today when a general increase of one cent a pound on all classes of meat was announced. It became known today that though the packers yesterday reduced prices one cent a pound to the jobbers, the reduction never got as far as the consumer. Decreased receipts and increased demand, the packers allege, are responsible for today's increase.

CANALS

Of Ohio Will Receive Attention from Committee—Republicans Take Slap at Governor.

Columbus, Feb. 1. — The house this afternoon adopted the joint resolution of Gebhard, of Montgomery county, to appoint a joint legislative committee of two members of each house and of opposite political faith to inquire into the canal situation in Ohio, and to report whether the state shall maintain or sell the canal rights of way

The Republicans of the senate this afternoon took a slap at Governor Harmon when they had his bill, introduced by Senator Alsdorf to place all the state institutions under one board of managers referred to the judiciary committee Senator Alsdorf asked that it be referred to the committees on benevolent institutions

Opponents of the state investigation into the high cost of living became so bold this afternoon that they defeated the bill in the house appropriating $5,000 for the expense of the inquiry. Unless the money can be taken from the contingent fund this will end the investigation

SPECIAL TRAIN FOR CONFERENCE

Indianapolis Feb. 1—Six hundred miners now attending the convention of the Mine Workers of America here will leave tonight in a special train for Toledo, where they will attend the joint conference with the operators The conference, scheduled to have been begun today, was delayed one day owing to the failure of the convention to transact important business. At the conference Ohio will be represented by 160 miners.

ALASKA COAL FIELD TOWN AND MEN NAMED IN INVESTIGATION.

Washington, D. C. Feb. 1—Among the men named in the Ballinger-Pinchot investigation is Daniel Guggenheim, head of the ore and coal interests which are said to be concerned in the acquisition of coal lands in Alaska. Mr. Guggenheim's name was brought out in the examination of Louis R. Glavis, the man who makes the charges against Mr Ballinger as being that of a man closely connected with Clarence Cunningham, whose claims to coal lands in Alaska are under question. Seward, Alaska, named for the secretary of state who acquired the territory for the United States, is one of the new and thriving Alaskan towns situated near the immensely valuable coal fields. In Gifford Pinchot's war on Secretary Ballinger and the interests which the ex-forester says are represented by the secretary of the interior he has been assisted by two of his subordinates in the forestry bureau, A. C. Shaw and Overton W. Price, both of whom were dismissed from the government service with their chief. They will probably be called upon to tell to the investigating committee all they know about the relations of the land office and the forestry bureau.

SCORES OF JAPS ARE MURDERED BY KOREANS IN HERMIT KINGDOM

Kobe, Japan, Feb. 1—Urgent orders were received today from Tokio to hasten the mobilization of troops to be used in the suppression of the latest Korean uprising The situation is far more serious than yesterday's dispatches indicate, and instead of twenty Japanese having been killed in the uprising, it is now believed that scores have been slain and an immense amount of property destroyed

All the government officials in the district have been murdered, according to today's dispatches and the government buildings burned.

Thousands of armed Koreans have joined the uprising and are killing and looting wherever resistance is met. Fear of annexation of the Hermit kingdom by Japan is the cause of the revolt

TERRIBLE STORY OF DEPRAVITY

Former Resident of This City Charged With Misusing His Young Daughter.

Delaware, Feb. 1.—A story of depravity scarcely paralleled save by the case of James Kinsell sentenced to the penitentiary for fifteen years, scarcely a year ago, and revealing a total lack of love and honor for a man's own children, was revealed in the arrest of Jacob Phillips, a man aged about 47, who for the past two months has resided on the Chamberlain Griffith farm, and who not long since came to Delaware county from Newark.

According to the story related in the juvenile court and which is corroborated by testimony from the prosecutor's office, the man's daughter, Bertina, aged 14, has been the victim of the man's depravity. Her step-mother, it is alleged, was driven from home about Christmas, since when the man has maintained intimate relations with the girl The most vile language, it is said, has also been used in the presence of the man's three other children, two girls aged two and 4, and a boy said to be thirteen, but believed to be scarcely more than 7 Complaints were first filed by neighbors, since when the officers have made a personal investigation, which they say brings out details wholly unfit for publication

As a result of this trial, the oldest girl was committed to the Girls' Industrial Home and the other three children were sent to the children's home. The man is in jail

The man is said to be an ex-convict. He admitted that he had been sent up once for shooting The girl testified that he had been in the penitentiary twice

CHERRY MINE OPENED TODAY

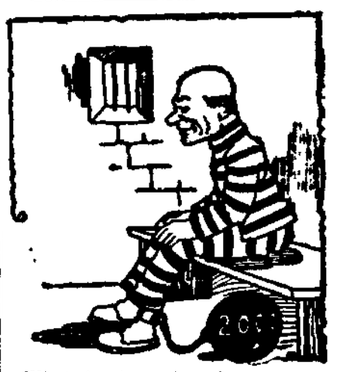

Cherry, Ill., Feb. 1.—The St. Paul mine in which upwards of 350 miners lost their lives, was opened today for the first time in two months and by nightfall it is expected that most of the two hundred bodies will have been brought to the surface.

The work was begun at daylight. At that hour the widows and orphans of the two hundred miners whose bodies have not yet been recovered gathered at the mouth of the shaft waiting for the recovery of their dead. They showed little emotion but it is feared that when the bodies are brought up heartrending scenes will be enacted.

CANNOT REACH AN AGREEMENT

New York, Feb. 1—Committees representing the officials of the New York Central lines, the Brotherhood of Railway Trainmen and Order of Railway Conductors today failed to agree upon a compromise in the employes' demand for increased wages and shorter hours, and adjourned. One more conference will be held, but there is much doubt whether an agreement can be reached

BODIES ARE TAKEN FROM THE MINE

Believed That 78 Men Lost Their Lives in Mine Horror

CORPSES MUTILATED

And Exact Number of Victims May Never be Known—Due to Explosion.

Primero, Colo., Feb. 1.—The bodies of 42 victims of the explosion in the Colorado Fuel and Iron company's mine were recovered today and it is now believed that at lease 78 men lost their lives. There is practically no hope that any others will be found alive. Because of the mutilated condition of many of the bodies the exact number of victims probably will be never known.

Primero, Colo., Feb. 1.—Three more bodies were recovered from the Primero coal mine today, making the total number of known dead 57. Seventy-four miners are still unaccounted for and are either dead or entombed.

One hundred and fifty men were in the mine when the explosion occurred Fifty-three escaped with slight injuries.

The main tunnel was thoroughly explored today. Three other tunnels remain unexplored and it is within them that the missing men are imprisoned; whether alive or dead is not known.

Primero, Col., Feb. 1.—Over a hundred men are believed to have been killed by a terrific explosion in the Primero mine of the Colorado Fuel & Iron company at 4:30 yesterday afternoon.

Fifteen bodies have been recovered and rescuers are making desperate efforts to reach the interior workings, cut off from the outside by the caving of the main shaft.

Three men were killed at the mouth of the mine slope by the force of the explosion.

Both fans, with which the mine is equipped, were shattered and it was impossible to enter the mine until they were repaired at 7:30 last night.

As soon as the fans were repaired, General Superintendent J. F. Thompson and a rescue party enterd the main air shaft, but were unable to reach the main shaft, which is completely blocked. The party returned to the surface, after securing five bodis, which were badly burned.

A party equipped with oxygen helmets replaced this party. The workings were reached through the air shaft and are now being searched for more bodies.

Miners were rushed to Primero from Trinidad, Segundo, Starkville, Sopris and Cokeville, and are laboring frantically to clear the main shaft, relieving each other every few minutes.

It is impossible to determine how much of the main shaft has caved and it may be days before the shaft is cleared and the total death list known.

There is little hope that any of the men are alive.

The company clerk reports that 79 safety lamps are missing and it is sure that that number of men are entombed. Many of the miners, however, say that 150 men are missing.

Most of the victims are Slavs and Hungarians. Electrician Will Helm is among the missing.

The camp was a scene of indescribable horror last night. While every able-bodied man was taking his turn with pick and shovel to clear the shaft, the women and children, kept back by ropes, gathered about the shaft, weeping and calling wildly upon their loved ones who have not been found.

Experts from all the coal camps of the state have gathered to assist Superintendent Thompson.

A. C. French, superdintendent of the Weston mines, and J. E. Mimley, mine inspector will head another rescue party as soon as batteries for electric lights arrive by special train.

Members of the first rescue party say that the effect of the explosion under ground is indescribable. The bodies recovered were horribly burned and unrecognizable. One body was impaled on broken timbers.

The bodies were literally blown to pieces and were unrecognizable

A special train carrying physicians and Coroner Gilfoyle arrived at 9 45 last night.

Officials of the company state that the disaster is the worst in the history of Western coal mining.

A similar explosion, in which 24 were killed, occurred in the same property Jan 23, 1907. The bodies were not recovered for weeks.

SMALLPOX SCARE.

Martinsburg, Feb 1—This little village is greatly agitated over a threatened epidemic of smallpox. The schools have been dismissed and no public meetings will be held for some time. People who have been exposed within the past week will be isolated.

WATER WORKS PROBE

(Continued from Page 1.)

[illegible] interest [illegible] $5,0:3 had accrued [illegible] just what stand the [illegible] took on the $85,000 bond issue later he said the paper may have advocated it.

Another article regarding the expense of changing from site No. 2 to No. 3 was read. He wasn't sure where the figures came from but Mr. Christian may have furnished them. This article claimed Davis got $14,150.

Another article referred to Auditor [illegible] pay [illegible] out money illegally. This came from Smith's report, but Mr. Heck stated that the money did not run much over $[illegible] and was spent legally.

Other articles were taken up and resisted by Mr. Heck and Mr. Long. He was asked if he knew about the bidders "getting together" and bidding high, and the Advocate's claim that they saved the city $[illegible] To these questions he said he knew nothing about it personally.

Asked what was wrong with Engineer Jackson's report, he said he didn't think the water works was properly investigated.

He was asked about the paper's position on the gravity pressure, and said the paper had never taken any stand. Didn't know where the Christian or Taylor boards stand on the matter.

Asked if he had heard complaints about the water system he said he had. Mentioned the Heisey fire, and said the old company was appealed to for water on this occasion. Was questioned about the Powers-Miller fire said the pressure was bad and the water was supplied by the old company. Didn't know what size mains were used to supply the water.

He was then asked if he cared to make any further statement on the subject. Said that the North Fourth street pipe laying was ordered by council after adjournment one night according to some information received.

He declared that the sole object of the stand of the American-Tribune on the North Fourth street job was to have the matter done legally. Said at first the Advocate was not the aggressor, but later became so and attacked the "reserve force led by Christian." Quite a military tinge was given the investigation by the terms used by the examiner and witness in describing the fight.

W. D. FULTON.

W. D. Fulton was next called to the stand. He said he was a councilman and is serving his second term.

Asked if he remembered if at any time in May or June, 1908, the council authorized the B. P. S. to put in water mains, the cost not to exceed $500. He said he didn't remember whether they did or did not. The question was again put at him and his answer was the same. Missed one meeting in two years. Again said he didn't remember any such resolution.

Mr. Heck then asked about the investigation ordered about the water works. Said he remembered such a committee on which he, Kuster and Flohr served.

Said started to make the investigation with the help of an attorney and stenographer. Examined records and two sites. Many meetings were held regarding it. Solicitor was to be a member of the committee. Said the had an attorney, for the solicitor didn't favor the investigation. Said they didn't have the authority or couldn't make witnesses attend. Said he looked up law and agreed with solicitor.

Solicitor gave opinion during the investigation. Said he looked the matter up pretty thoroughly and while they could go ahead the law didn't support them to any extent. No witnesses were asked to submit to an examination. Said Kuster said a Mr. Smith of Delaware volunteered to be present.

No thorough investigation was made and no report was so made to council. No minutes of the meetings were ever held. Said Miss Smith copied contracts and memorandums and was paid $50 for the work. Said Attorney McDonald ordered the work done but didn't think he did most of the investigating.

Had no vouchers from the B. P. S. but had several books. Had contract with the A. L. & W. Co. copied, although several may have been on hand. Said he didn't know what other works were copied. Said Miss Smith is now employed at the Licking County Creamery. Said Mr. McDonald looked up resolutions, contracts, etc. Said didn't agree to give Mr. McDonald a certain price for the work. At first $300 was appropriated and $[illegible] was paid out of this. The balance was carried along and later $200 was appropriated.

He was asked why this was done, after investigation was given up, and he said it was probably a mistake.

"Did you have a squabble in council about the payment of these bills?" Mr. Heck inquired.

"No sir," Mr. Fulton answered, but council record of September 11, showed that council didn't allow it. This was passed at a later meeting. Mr. Flohr voted against it at first, though a member of the committee. Said no contract was ever made with McDonald. Said council resolution empowered their hiring an outside attorney.

Asked if the committee knew any more about the water works situation than they did before they started, he said he thought the change from site No. 2 to site No. 3 was a "dirty trick." Said Solicitor "threw cold water" on the investigation. Mr. Christian didn't help them any and Mr. Taylor wasn't for them. Mr. Flohr then went away and the thing was dropped.

He was asked about an ordinance not appropriating money for a sanitary policeman. Later this was corrected and Mr. Heck said "where did you get the law for that?" "I can't answer," was Mr. Fulton's reply.

Said he was innocent of the affair and didn't know anything about it.

Contrary to expectations the water works probe will not be concluded today. Some of the necessary witnesses are not showing a willingness to attend and it may be necessary to subpoena them.

Mr. Tracy, of the State Auditor's office was in Newark last evening. It was denied that the charges against the city officials will be taken up as soon as the present examination is concluded. The hearing of these charges will be public and will be held in the city auditor's office.

OLIVER D. IRWIN.

Oliver D. Irwin a city councilman on his second term, was called as witness this morning. He was asked about the resolution or ordinance in council relative to the pipe laying done by the B. P. S. when the cost wouldn't exceed $500. He said he didn't remember what council did about it, but he did remember council approving of the North Fourth street job. He was also asked about the appropriation ordinance for the committee to investigate the water works. This he said was passed, and the committee once reported progress, but no final report was ever made.

W. C. CHRISTIAN.

Mr. Christian was placed on the stand to testify regarding the sewer trouble that existed at the time he was in the B. P. S. This sewer, which is located in the alley west of Third street, and which runs north of Main, caused a good deal of trouble, and was a menace to public health. Several property owners, whose property was on the sewer, met with the Board and asked that something be done to remedy the trouble. Christian said engineer was told to find out what caused the trouble. Sewer was opened and fire hose was turned in it, but it wouldn't flush into the main sewer. It was opened to the alley by Philip Sheets and pipe was placed. An agreement was made with S. C. White to do the work and he was told to find out just where the stoppage was. It cost $491.04 for the work. Christian said the alley was private, although it is considered public. Cost wasn't assessed on property because up to the time he went out of office the cost couldn't be determined. He didn't know whether or not the assessment was ever made. Said tile taken out was 15-inch, that put in was 12-inch.

He was asked next about having a barn removed from Cedar Hill cemetery. Said Board on March 28, 1907 authorized the removal of the barn as an effort was made to improve the cemetery. The board paid $100 for having the work done and the barn removed to the barn yard. Frank Swartz didn't want the job so Mr. Pendleton was given the job. The board tried to get the work done cheaper, but it was impossible.

He was next asked about the Sixth street park and he said the city was given the ground for burial purposes by Schenk, Cummings and others, who laid out Newark. Said he didn't know whether the city could use it as a park. When he was in the Board nothing was done with it, but since then it has been made into a pretty "breathing ground." Asked when it was given up for burial purposes. He said it was abandoned in 1850. Said it was full of bodies in unmarked graves and that he had a grandfather and two uncles buried there. Said the tombstones were laid flat over the graves and covered up with dirt and now it is impossible to tell it was once a graveyard.

HARRY ROSSEL.

Harry Rossel safety director and former president of council was asked about the resolution or ordinance authorizing the B. P. S. to lay the water main.

He said he didn't think any official action was taken in the matter. Said he remembered the appointing of a committee to investigate water works but said no report was made by them to council.

HENRY BAKER.

Henry Baker, present city councilman, was next called and he was asked the same question the others were about the B. P. S. being ordered to lay pipe when the job wouldn't cost over $500. Mr. Baker said he did not remember about the matter.

ELMER ORR.

Elmer Orr, another city councilman, was called and the same question was asked him as to the work done by the B. P. S. Mr. Orr said there was a resolution for the extension. Said this was before June 7, 1909. Said the matter passed and unemployed men were given work. He was asked about the council's investigation of the water works. Said he remembered the appointment of the committee but no final report was ever made.

W. D. FULTON.

Mr. Fulton was asked about the sanitary sewer in the alley west of Third street. Said all his knowledge was from hearsay. He said his father-in-law owned the Doty house and with others the private sewer was built to connect with the trunk sewer on Main street. Told of the meeting of the property owners before the new sewer was built. Said he didn't know about any assessment; he never paid anything.

W. C. CHRISTIAN.

Mr. Christian was asked if he ever had a talk with anyone about the money paid L. K. Davis by the A. L. & W. C. Said he talked with Mr. James L. Darnell, resident engineer for Davis, and he said Davis had received money from the company. Darnell said the amount was about $1,500, and said books of the A. L. & W. Co showed Davis had been advanced $1,811. Christian said his knowledge came from Darnell. Taylor said later he had received phone message from a Mr. Perkins saying Davis received the money. Perkins said his firm had a claim against Davis for $600, and if he had any money coming they wanted to attach it. Perkins represented R. D. Wood, hydrant manufacturers. This was during a previous conversation between Perkins, Taylor and Christian. When he phoned Taylor it was a little later when he was in Columbus.

He was asked about the placing of line in front of the property of D. L. Jones and J. H. Newton, and he told of a controversy that arose. Said he heard that some one had given orders that the walk of Mr. Newton be covered with brick and dirt when pipe was going in. Christian said he inquired of John Mullin, a foreman, and he said his orders to dump all dirt and brick on Mr. Newton's walk and lawn came from Mr. Healey. Christian talked with Healey, who said he was "going to get even" with Mr. Newton, but when Healey was threatened with an injunction he then said he'd put the brick and dirt in front of L. A. Stare's residence. However this wasn't done.

Said the A. L. & W. Co. sometimes put dirt on the lawns, but sometimes this was unavoidable. Christian said it wouldn't be necessary to dump dirt in front of Mr. Newton's house. Said Healey made remark that he was going to pile the 12-inch pipe in front of the Advocate when West Main street was laid. This time orders were given by Mr. Christian not to deliver the pipe until necessary, he said.

Asked about the collusion of bidders at the Warden he said he had heard of it. Said he understood from Chas. R. Jones the bids were up in the 30c a foot. Jones told him of the bidders "getting together" to boost prices. Said he asked Jones to see Advocate reporter and put him next to what was going on. Mr. Jones saw Mr. Hale and told him about it.

B. F. McDONALD.

Attorney McDonald was asked about acting as attorney for the probing committee from council. Said he didn't have any arrangement with them other than their promise to pay for services. Told of his work in gathering data for the investigation. Said no witnesses were ever examined. The stenographers made copies of all data and it is now in the possession of Miss Smith.

Asked what opinion he had of the contract he replied he had never read it to dissect it and had formed no opinion of it. He was shown the contract and the penalizing clause and asked if he thought it could be enforced. He said he thought it could be.

Said that he didn't work steadily on the work and put in about four weeks. Said he didn't know why the work was dropped. Sent in his bill, $100, to the Board. Never sent in a bill for $150 for the work done by him. Heck said a resolution was placed in council for $150 for McDonald and $50 for Miss Smith. Said Fulton didn't get part of his fee when asked.

SKIN DISEASES READILY CURED BY A SIMPLE HOME TREATMENT.

Persons who are suffering from blackheads, pimples, dandruff, eczema, tetter, ring-worm, or any form of skin disease, often ask the question, "is there a cure?"

Mr. T. J. Evans, the druggist, says "yes, there is a cure." ZEMO, a scientific, clean, liquid preparation for external use, gives prompt relief and permanently cures every form of skin and scalp disease. ZEMO draws the germ life and poisons from underneath the skin to the surface and destroys them and in this way affects a complete cure of any form of skin or scalp disease, whether on infants or grown persons. Mr. T. J. Evans will show you proof of many remarkable cures made by ZEMO and will gladly explain to you how you can be cured by this clean, simple home treatment.

HEALTH AND BEAUTY TALKS

BY MRS. MAE MARTYN.

E. R. S. If your hair is spliting at the ends and becoming permaturely gray, it is a sure sign of neglect. What you need is a good, nourishing quinine tonic for your hair. Dissolve one ounce of quinzoin in one-half pint alcohol and add one-half pint cold water. Rub this well into your scalp twice a week and it will put new life and color into your hair in a short time. I have found this quinine tonic excellent for removing dandruff, irritation of the scalp and stopping falling hair. You will find it spendid to use during the winter months, as it evaporates readily. It makes the hair glossy and will prove very refreshing to the hair and scalp.

Bertha [illegible] You can't expect to have a nice [illegible] complexion as long as you feel so [illegible]less and have a poor appetite. [illegible] this time of the year you ought to [illegible] feeling splendid and looking your [illegible]st. I strongly recommend a good [illegible]m tonic for you. The one I always [illegible] and best is made by dissolving one [illegible] teacupful sugar and one ounce k[illegible]ne in one-half pint alcohol, adding [illegible]gh boiling water to make a full [illegible] Take a tablespoonful of this good old-fashioned tonic before each meal and before retiring. It will tone up [illegible] system and do away with that [illegible] feeling, putting color and life into [illegible] face. It is fine for clearing a [illegible]w complexion, removing pimples and other skin eruptions.

Mary [illegible] A.: I have received so many requests [illegible] a reliable, greaseless complexion [illegible] cream that will be entirely beneficial and not encourage growth of hair o[illegible] face, I will repeat the formula. Mix one ounce of almozoin with one-half pint cold water and add two teaspoonfuls glycerine. Stir and let stand for an hour or so. I have never [illegible] anything to equal almozoin [illegible] as an aid to beauty. It is excellent for reducing the size of large pores in the skin, for chapped hands and face, massaging, removing freckles, tan, wrinkles and blackheads. It cleans the skin from all dirt and makes it soft and velvety. Use very little soap on your face, as it dries out the skin too much. This cream will cleanse the skin much better than soap

E. A. W. I feel sorry for you. Where a person is as fat as yourself, it must make one feel miserable to think everyone notices your extra weight. You can easily get rid of your excess fat, even though all of the remedies you have tried did no good. Get four ounces of parnotis from your druggist and dissolve it in a pint of hot water. Take a teaspoonful before each meal. It generally cuts down flesh very rapidly and will not injure your health in any way.

G. E. A.: When you wear a veil, face powder will not help your complexion much, as it rubs off too easily. What you need is a good lotion that will not show on the skin. The next time you go to the drug store get four ounces of spurmax and dissolve it in one-half pint of hot water, adding two teaspoonfuls of glycerine. This lotion will clear up and whiten your skin, make it soft and velvety and give you a beautiful complexion. It will rid your skin of that shiny, greasy, sallow look and make it appear charming and youthful. I find this excellent for cold sores, freckles and pimples. It costs very little and will protect your face from the cold winds and prove a splendid beautifier.

Emma M.: A beautiful head of hair adds so much to one's appearance that I would caution you to be more careful of your hair hereafter. You would not have to use a hair net to make your hair stay up and look nice if you took better care of it. Try shampooing your hair every two weeks with a teaspoonful of canthrox dissolved in a cup of hot water and see how long and fluffy it will make your hair. This shampoo lathers fine, cleanses the scalp thoroughly and stops all irritation. Canthrox makes a delightful shampoo and is especially good during the winter months, as it dries quickly. You can get a can of canthrox at most [illegible] stores if you ask for it, or you can get canthrox at your drug store and [illegible] the shampoo yourself at a small cost. Don't use soap on the hair. It is dangerous, as the alkali in it tends to kill the hair and causes light streaks in the hair which are so common.

A. B. M.: If your eyes lack brightness and expression, try dropping in each eye daily one or two drops of a tonic made by dissolving one ounce of crystos in a pint of water. This tonic will not smart the eyes and is excellent for weak and inflamed eyes. It strengthens the sight, while keeping the eyes clear and lustrous. This is a great help to those who wear glasses and is used constantly by many actresses and society women who pride themselves in their beautiful sparkling eyes.

By Our Formula

We produce in Hood's Sarsaparilla a medicine that has an unapproached record of cures of Scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervousness, that tired feeling, loss of appetite, etc.

The combination and proportions of the more than twenty different remedial agents contained in Hood's Sarsaparilla are known only to ourselves, so there can be no substitute.

This medicine makes healthy and strong the "Little Soldiers" in your blood,—those corpuscles that fight the disease germs constantly attacking you.

OPERATORS

Will Ask for Reduction of 10 Cents a Ton by Miners and Latter Want Raise of Ten.

Toledo, Feb. 1.—Mine operators will ask for a reduction of ten cents per ton in the present wage rate of .70 cents, according to statements made today by operators already here for the wage conference. The miners in convention at Indianapolis have asked for an increase of 10 cents over the present rates. With a difference of 20 cents dividing the operators and miners, it is predicted today that there is little possibility of a compromise.

TIZ FOR SORE FEET

Tired, Aching Swollen, Smelly, Sweaty Feet? Corns, Callouses or Bunions? Use TIZ. It's Sure, Quick and Certain.

You Will Enjoy Using TIZ, the Most Pleasant Remedy You Ever Tried and Moreover It Works.

At last here is instant relief and a lasting permanent remedy for sore feet. No more tired feet. No more aching feet. No more swollen, bad smelling, sweaty feet. No more corns. No more bunions. No more callouses, no matter what ails your feet or what under the sun you've tried without getting relief, just use TIZ.

TIZ is totally unlike anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct if you wish from Walter Luther Dodge, & Co., Dodge Building, Chicago, Ill.

ITCH RELIEVED AT ONCE.

That terrible itch disappears with the FIRST DROPS of a simple compound of oil of wintergreen, thymol and glycerine mixed in D. D. D. Prescription. This soothing, healing lotion, used externally, kills the eczema germ instantly.

Heretofore the D. D. D. remedy has been sold only in $1.00 bottles; but as a special offer, any sufferer in this town who has never tried D. D. D can now try this remedy in a special bottle at 25c. It cures the itch instantly. We KNOW this. F. D. Hall, 10 N. Side Square.

A PUBLIC DANGER

You Cannot Afford to Miss Reading This.

We believe it is our duty to inform the public that the majority of fatal cases of pneumonia are caused by the patient taking for a cold some so-called cough cure which depends upon poisonous drugs for its effect.

These drugs deaden the nerves and stop secretion along the breathing tract that causes pneumonia.

Father John's Medicine cures colds and throat and lung troubles without poisonous drugs. It is not a patent medicine, nor a cough syrup, but a body builder—an eminent physician prescribing it for the late Rev. Fr. John O'Brien of Lowell, Mass., fifty years ago.

POLICE COURT.

One of the boldest robberies that has been pulled off in Newark for some time was that when the house of S. H. McFeeter, a well known young man of this city, was entered during the day time and every article in the house carted away. An expressman and two other men were seen to drive up to the house and load the goods on the wagon and drive away. The articles taken consisted of two feather beds, two tables, one stove, a lawn mower, mirror and other things. When Mr. McFeeter returned home in the evening he at first thought that he had gotten into the wrong house, but quickly realized that he was the victim of robbers. Circumstances led him to suspect two men and he caused warrants to be issued for the arrest of Martin Loper and John Wiseman. Officers Burke and Swank turned up the stolen goods after a day or so, but the men had left the city, after selling the goods, it is said, for $5. Nothing more was heard of them until Officer Hager arrested Loper, whose case has been continued in the mayor's court until tomorrow morning.

In the police court this morning two common drunks were assessed the usual fine.

POT PIE CLUB.

The annual outing of the Pig's Foot Potpie club occurred Sunday at the Silk Ribbon cottage at Buckeye Lake. Messrs. James Mills and Fred Burrell being the hosts. A grand time was had and the luncheon served was the feature of the occasion. It consisted of two courses, the first of which was celery, radishes, onions, pigs foot potpie, coffee and tea. The second course consisted of pickles, slaw, olives, sunfish and German fried potatoes.

Those present were James Mills, Fred Burrell, Sam Burrell, John Schimp, Frank Catt, Martin Burns, Wm. H. Williams, Harry Alsdorf, Oliver Holtsberry, Fred C. Buck, Jerry Wilson.

BLOCKADED.

Every Household in Newark Should Know How to Resist It.

The back aches because the kidneys are blockaded.

Help the kidneys with their work.

The back will ache no more.

Lots of proof that Doan's Kidney Pills do this.

It's the best proof, for it comes from this vicinity.

Mrs. W. H. Kirk, 405 Walnut St., Mt. Vernon, Ohio, says: "Some three years ago I gave a public statement recommending Doan's Kidney Pills. At this time I cannot add anything to what I then said, except that my confidence in Doans Kidney Pills is just as great as ever. A member of my family had suffered from kidney complaint and backache and was unable to get relief until Doan's Kidney Pills were used. They went direct to the root of the trouble and removed all the distressing symptoms. I am willing to give Doan's Kidney Pills my re-endorsement."

Our National Forests.

The recent proclamations setting aside the Ocala National Forest in North Dakota bring the number of states possessing such forests belonging to the United States up to 20, if Alaska be included. Of these forests, Arkansas has two, but all the others, except the new ones in Florida and North Dakota, are in the Rocky Mountain or Pacific coast states. It is expected that the Ocala Forest area, which covers 201,480 acres, will become densely covered with the sand pine. No part of the area rises more than 150 feet above sea-level. The Dakota Forest is in the Bad Lands region, and much is expected from its influence, since North Dakota is the least forested state in the Union. The new forest covers 14,080 acres.

The New England Thanksgiving dates from 1635, when the Massachusetts Bay colony set apart a day for thanksgiving.

PUBLIC LIBRARY.

The organization formed by the women's clubs of this city as an aid to the public library, has subscribed for a number of magazines for the reading room, and will also place some new books in the library.

A membership fee of $1.00 for the year is asked, and it is hoped there will be a general response to this appeal. Very few people would miss a dollar a year and it would be a great help to the library in its present struggling condition. Newark is almost the only town of its size in Ohio, probably, which has been without a public library. The trustees have done as much as they could with the funds provided, but the sum is only sufficient for the necessary expenses (the librarian's salary, etc.), and leaves nothing for the purchase of new books.

It is hoped that some time we may have a library building and that this library may then became a county library and supported by a county tax but until then it must look to the generosity of the citizens for its maintenance. Will you not help and make our present small library one that is well worth while, a center that is attractive and profitable to all who use it? If you do not use it yourself, will you not be public-spirited enough to help others who have not the advantage of books and magazines in their homes. Some thousands of readers patronized the library last year, which shows how much it is needed in this city. The one dollar subscription is a small one, and need not prevent any one who may wish to do so, from giving a larger subscription.

Yearly donations of magazines or good daily or weekly papers will also be acceptable. One woman, who earns her own living, gave $1.00 a month last year, unsolicited, to the library. Will you not all help to make this library a success?

The subscription list will be found in the public library and subscriptions may be given to the librarian in charge or sent directly to Mrs. Eugene Ball, 59 Clinton street, treasurer of this association.

"Time's Flight Turned Backward"
SAGE AND SULPHUR
Made Her Look Twenty Years Younger

READ MRS. HERRICK'S SWORN STATEMENT

STATE OF NEW YORK } ss
COUNTY OF MONROE } ROCHESTER, N. Y.

Nancy A. Herrick, being duly sworn, deposes and says: When I was a girl, I had a head of heavy, long, dark brown hair which was the envy of my schoolmates, and which attracted the attention and remarks of strangers. As I grew older, my hair commenced to come out, just a little at first, but gradually more and more, and then began to turn gray. I was induced by the many good reports I had heard of Wyeth's Sage and Sulphur Hair Remedy to try a bottle. My hair was quite thin and gray when I began using Sage and Sulphur, and you can imagine my satisfaction when I found that it was fast coming back to its natural condition, being thicker, darker and more glossy than it had been for a long time. I continued to use Sage and Sulphur, and my hair is now as heavy, dark and smooth as when I was a girl of sixteen. It is now four years since I commenced using Sage and Sulphur, and my hair is still in splendid condition.

BROWN AND GREEN VELVET.

Velvet has been tremendously popular for small girls' hats this winter, and a pretty and novel shape in plaited brown velvet has the under brim faced with plaited green velvet. The brim is rolled on each side to show the green and around the crown is a band of mottled satin ribbon in two shades of green. Little green velvet balls are placed in front, on sides and in back, where they fall over brim.

WHITE LILY CATARRH CURE.

Its wonderful curative properties have brought it fame without advertising. It has no equal. Nothing on earth can ever compare with White Lily. Remember White Lily Catarrh Cure. Founded 1878.

How To Make Better Cough Syrup Than You Can Buy

A full pint of cough syrup—enough to last a family a long time—can be made by the recipe given below in five minutes, for only 54 cents. Simple as it is, there is nothing better at any price. It usually stops a deep-seated cough in twenty-four hours, and is a splendid household remedy for whooping cough, colds, hoarseness, bronchitis, etc.

Take a pint of granulated sugar, add ½ pint warm water and stir about 2 minutes. Put 2½ oz. Pinex in a pint bottle and fill with syrup. Take a teaspoonful every one, two or three hours. It keeps perfectly and the taste is pleasing.

The chemical elements of pine which are very healing to membranes, can be obtained in high proportion in Pinex, the most valuable concentrated compound of Norway White Pine Extract. None of the weaker pine preparations will work with this recipe. Your druggist has Pinex or can easily get it for you.

Strained honey can be used instead of the syrup, and makes a very fine honey and pine tar syrup.

AMUSEMENTS

"THE TRAVELING SALESMAN."

"The Traveling Salesman," Henry B. Harris' production of Jas. Forbes' newest comedy, will be seen at the Auditorium theatre tomorrow night. The play has refreshing, up-to-date humor, and is finding tremendous vogue with New Englanders, and is unquestionably occupying first place in the season's comedy offerings and playing nightly to crowded houses. The play monopolizes the laugh market of the current season, inasmuch as it has been designated by the New York, Boston and Chicago press and public as the comedy success of the year. It will be seen here with the same careful attention to detail and scenic production which Henry B. Harris gave to the New York, Boston and Chicago productions, where the play has just completed a long run of many months. It is not a burlesque, as is usually the case, but a true representation of the numerous incidents that occur in the life of the modern "knight of the road," both humorous and otherwise, of which we often hear, presented by a company of proficient players and a perfect scenic equipment. There are still a few good seats.

"EIGHT BELLS."

Almost entirely rearranged and greatly improved, the Bros. Byrne will bring "Eight Bells" to the Auditorium theatre for one performance Friday, Feb. 4. This popular production has been on the road several years, and its success has been remarkable, and now in its bright new clothes, it is destined to another long life. While many of the big features still remain, there are a number of new ones and the old "Eight Bells" is scarcely recognizable. Among the principal favorite old features is the revolving ship scene, which is probably the most popular and attractive in the production. There is much that is new about this also, and there are a number of new specialties. The acrobatic work has not been displaced, for there is an abundance of it and in a very attractive and entertaining form. The acrobatic troupe is complete in every particular and their work, much of which is entirely new, is remarkable. The scenery is entirely new, and exceedingly unique.

"A KNIGHT FOR A DAY."

For the lover of musical comedy for whom the overwhelming approval of Chicago, Boston and New York is satisfying endorsement, "A Knight for a Day" will be a popular visitor at the Auditorium, matinee and night, Saturday, Feb. 5, when the big musical gaiety success is seen. One of the spectacular effects of the production is an electric see-saw, said to surpass for sensational effect any prior device achieved through electricity for the enchantment of stage pictures. This giant see-saw of a score of more planks, some of them 40 feet in length, carrying a lot of romping college girls, is covered with a thousand miniature electric bulbs of many colors, and as the boards swing up and down to the music of the song, "Life is a See-Saw," the effect is said to be a revelation of the possibilities of electricity in modern stage pictures. This presentation is made under direction of Ben Falk, who has secured B. C. Whitney's stupendous production and brings here intact the company with which he this season played New York City.

ORPHEUM THEATRE.

The bill at the Orpheum this week is a novelty in that an animal act has been added which has never been seen outside of the big animal shows.

The curtain raiser is La Vou and Warren, comedy acrobats, and they are very clever and pleasing. The Lemonts, banjoists, give a number of popular selections and close their act with a series of stereopticon views. Little Dorris Donner, mimic dancer, made a hit with the audience and responded to numerous encores. The thriller of the evening was the Back man lions, five trained lions under complete control of the trainer, Paul Johanning. He made them go through what seemed like almost impossible stunts and takes the largest of the beasts and opening its jaw wide places his head in its mouth. After conclusion of the act Tuesday evening the lions were a little surly and the trainer had to use rather harsh measures to get them back into their cages. This act alone is well worth double the price of admission asked and should crowd the pretty little theatre at each performance.

HOUSE SOLD OUT.

Owing to the house being entirely sold out for "The Traveling Salesman," which will be the attraction at the Auditorium theatre tomorrow evening, the gallery tickets have been placed on sale at the box office. These tickets will be on sale at the regular box office until 5 o'clock Wednesday evening, after which time they cannot be purchased until after 7:15, when the regular gallery entrance will be open. The gallery price is 25c, no seats being reserved.

FOREIGN MISSIONARY RALLY.

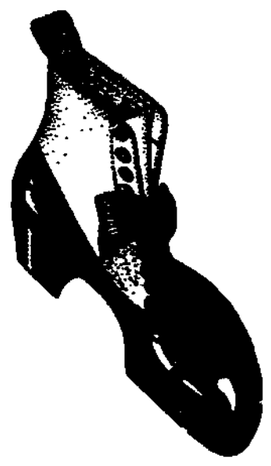

A Foreign Missionary Rally will be held in the Central Church of Christ Friday, February 4. This rally is held under the auspices of the Foreign Christian Missionary Society. President A. McLean, of the society, will be present and conduct the rally. M. D. Adams, of India, and R. Ray Eldred, of Africa, will be present and speak. Mr. Adams has been in India twenty-five years. He speaks as an expert. Mr. Eldred is just home from Africa. He has been at work for two terms at one of the most successful missions in the world. The service will begin at 10 o'clock and last all day. At night moving pictures will be shown. No appeal will be made for cash or pledges. Maps, charts, curios and literature will be on exhibition. In addition to the above, there will be a meeting for men at the supper hour, 6:30, in the basement of the church. The ladies of the church will serve supper to the men at a nominal cost, and short, rousing speeches will be given.

HOWE'S MOTION PICTURES.

Lyman H. Howe's famous motion pictures that have entertained vast audiences at the New York Hippodrome and the Cleveland Hippodrome, will be seen at the Auditorium theatre Sunday and Monday evenings, February 6 and 7. These pictures are of the highest class that has been reached in the motion picture art and are given with every detail with regard to effects. Mr. Howe shows the impact on armor plate of a projectile weighing nearly a ton which actually travels a half-second. It was photographed while the government was testing armor plate and is included in a series which shows our national defenses very comprehensively. All the scenes were photographed exclusively for Mr. Howe and could only be obtained through the permission and facilities extended him by the U. S. government. Foreign lands also contribute many features that are equally interesting. The audience is taken to Italy to see how logging is carried on in the Alps; to India where a great religious ceremony by Mohammedans is witnessed in Delhi; to Java where a big volcano is seen in violent eruption; to Switzerland where the millionaires of Europe and America are seen in invigorating winter sports. Then there are intimate studies of beautifully colored birds; the effect of music on animals, and many others.

MUSTARD PLASTERS ARE ANCIENT HISTORY

T. J. Evans Has Been Fortunate to Secure the Agency for Begy's Mustarine.

People who know the value of the good old mustard plaster for pains in any part of the body, will be glad to know of the new discovery called Mustarine.

Begy's Mustarine will relieve any ache or pain in shorter time than any mustard plaster ever did.

Just rub it on, that's all, you don't need to make a plaster; it's all so simple and so easy, that no one will again be bothered with the old disagreeable mustard plasters.

If you catch cold, have pains in the chest or back, just rub on Begy's Mustarine and the pain will vanish without abnormal heat and without blistering.

Banishes headache, toothache, earache in a few minutes, chases away the pains of bronchitis, incipient pneumonia and deep-seated coughs.

It's very clean and nice to use, and is always ready. Try a 25 cent box, and if you aren't satisfied T. J. Evans will return your money. Mail orders filled by J. A. Begy Co., Rochester, N. Y.

Delegates to L. M. C. Will Speak.

Attending Court.
Mr. and Mrs. C. F. Brown, of Coshocton, O., were called here to attend court in the Brown and Tenn case, which was on trial Tuesday morning. While here they were the guests of their parents, Mr. and Mrs. J. W. Adams, at their home on Columbia street. They returned home Tuesday night on Panhandle No. 20.

Fifth Street Baptist.
There will be a memorial service tomorrow evening in honor of the late Charles D. Honenberger. An invitation is extended to all of his friends, especially the German Life Insurance, the B & O. shops and the old volunteer fire company. This will also be the monthly covenant meeting, when all members of the church and congregation are expected to be present. Seats will be reserved for the Bible school.

Bound for Texas.
Quite a party left Newark Tuesday morning over the Panhandle railroad for Texas. Those in the party were J. R. Boyd, Henry Hicks, J. I. France and R. H. Finley. Their objective point is Hereford, Texas, and they go with the intention of prospecting the country. If suited they may permanently locate there.

"Oversight" for Henry.
Henry Lucas recently made a bet with Officer Sutton that the temperature would not drop below 18 degrees above zero during February. Thermometers in various parts of the city Tuesday morning showed the temperature hovering around the zero mark. Henry is a man of his word and not only paid his bet to Officer Sutton, but set up the cigar to Chief Zergiebel and Officer Francis.

Paralytic Stroke.
Attorney Howard Jones received telegram Monday evening from Shreveport, La., stating that his father, A. H. Jones, had sustained a slight stroke of paralysis. Mr. Jones had been visiting in Shreveport and while the word received was that he had but a slight stroke, yet Mrs. Jones leaves today for Shreveport, where she will be met by her daughter, Mrs. Dennis McNair, of Muskogee, I. T.

Change Location.
J. F. Moore & Son, the well known real estate firm, have moved from the Franklin Bank building to rooms 802-3-4 of the Trust building. Messrs. Moore & Son have occupied the old location since they began business three years ago. During this time they have built up such an extensive business that it became necessary to seek larger quarters. They are now very handsomely located in their fine new quarters.

Friday, January 28th, was the birthday anniversary of Miss Cleo Showman of Union Station and her relatives, schoolmates and friends remembered her very kindly with a postal card shower. Miss Cleo received one hundred and fifty beautiful cards from all over the country.

LIFE ISN'T WORTH LIVING

When This Statement is Made It May Be Generally Attributed to the Lack of Good Health.

We want to talk to people who are nervous, who suffer frequent headaches, who don't enjoy their food, who are irritable, quickly lose their temper, who are so exhausted that they feel they must give up, and have become so despondent that life doesn't seem worth living. We believe we know what is the matter with these people in this condition, and if they will follow our advice we can tell them how to regain good health and that buoyancy of feeling which makes life seem surrounded with happiness and sunshine.

Most of the above described conditions are chiefly caused by what is commonly called catarrh; a "below par" condition of mucous membranes. This delicate lining of certain of the body cavities becomes weakened, inflamed and congested until the whole system is weakened, mental depression ensuing as one of the results. The wise way to overcome this condition is through a treatment of the general system. We have the treatment, and we are so positive it will produce the results we claim for it that we will supply it to any one with the understanding that we will return to them every penny paid us in every instance where the treatment is not in every way satisfactory and beneficial to them.

We want you to try Rexall Mucu-Tone, which is a scientifically devised alterative tonic and body builder, its action being to aid the body in its effort to re-establish the natural and healthy functions of the mucous membranes.

Rexall Mucu-Tone thus acts to expel the "catarrhal poison," restore the mucous cells to good health, tone up the whole body, allay inflammation, remove congestion and stimulate the system to healthy activity. It is splendid for aiding in the building up of flesh and muscle tissue and removing weaknesses.

Come to our store and get a bottle of Mucu-Tone, and after giving it a reasonable trial, if you are not satisfied, simply tell us so, and we will hand back your money without question. Surely nothing could be more fair than this. Rexall Mucu-Tone comes in two sizes, 50 cents and $1.00. Remember you can obtain Rexall Remedies in Newark only at our store—The Rexall Store. Hall's Drug Store, 10 N. Side Square.

MARY JONES LLOYD.
Mary Jones was born in Montgomeryshire, North Wales, Dec. 25, 1825, and departed this life Jan. 25, 1910, aged 85 years and one month. She was married to David Lloyd in 1845, the ceremony being performed in the "Church of England." After their marriage they remained in Wales one year, emigrating to Newark, O., in 1846, and removed to the home three miles south of Newark about the year 1856. She united with the Methodist church in Wales when quite young, and has always lived a noble Christian life. She was the mother of nine children, four of whom are living, John, of Thornville, O.; David E., of Wilkin, O.; Clara and Emma at home. She also leaves six grandchildren, five great grandchildren, with the aged husband, to mourn her death.

There is no death! an angel form,
Walks o'er the earth with silent tread!
He bears our best loved things away,
And then, we call them dead.

CATHOLIC PRIEST DEAD.
Dayton, Feb. 1.—Rev. Jos. Lutz, a former pastor of a Catholic church at St. Marys, O., died at a local hospital yesterday, following a long illness.

NO DISORDERED KIDNEYS OR A WEAK BLADDER

Lame Back, Bladder Misery and All Kidney Disorders Vanish—A Few Doses Will Make Any One Here Feel Fine.

If you take several doses of Pape's Diuretic all backache and distress from out-of-order kidneys or bladder trouble will vanish and you will feel fine.

Lame back, painful stitches, rheumatism, nervousness, headache, dizziness, irritability, sleeplessness, inflamed or swollen eyelids, worn-out, sick feeling and other symptoms of sluggish, inactive kidneys disappear.

Uncontrollable smarting, frequent urination (especially at night) and all bladder misery ends.

This unusual preparation goes at once to the disordered kidneys, bladder and urinary system and distributes its healing, cleansing and vitalizing influence directly upon the organs and glands affected, and completes the cure before you realize it.

The moment you suspect any kidney or urinary disorder or feel rheumatism pains begin taking this harmless medicine, with the knowledge that there is no other remedy at any price made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape of Cincinnati, is a large and responsible medicine concern thoroughly worthy of your confidence.

Only curative results can come from taking Pape's Diuretic and a few days' treatment means clean, active, healthy kidneys, bladder and urinary organs—and no backache.

Accept only Pape's Diuretic—fifty-cent treatment—any drug store—anywhere in the world.

OBITUARY

SAMUEL F. WALKER.
Samuel F. Walker, a well known former B. and O. engineer, passed away Tuesday morning at an early hour, death being the result of injuries which he sustained about three years ago when he fell from his engine near Chicago Junction, after being overcome by heat.

Mr. Walker came to Newark about fourteen years ago from Indiana, entering the B. and O. service shortly afterward. He resided at No. 74 East Vine street and was well and favorably known by a large circle of friends. He was an experienced mechanic and was said to have been one of the best engineers on the road.

He leaves a widow and four children, Edith and Lillian at home, and Roy and Edna residing in Indiana.

GRACE SEARCH.
The sad intelligence was received here that Miss Grace Search, the eleven-year-old daughter of Mr. Frank Search, of 17 Conley avenue, had died at St. Anthony's hospital, Columbus, on Monday morning at 5:30 o'clock. The deceased, who was a bright and interesting child, had been attending St. Vincent's school in Columbus, when she was taken sick with tuberculosis and the day before Christmas was taken to St. Anthony's hospital, where she had been under treatment ever since. The body was brought to Newark Tuesday at noon by Undertaker George Bowers. Besides the father the deceased is survived by one brother, George. At this writing no arrangements have been made for the funeral.

H. S. CROZIER.
H. S. Crozier of Zanesville passed away Tuesday afternoon after suffering for some time with rheumatism. He was 69 years of age and is survived by his widow and four children, one of whom, Mrs. George Roach, resides in this city. A brother Joshua, also resides in Newark on Harrison street.

ORRIRE DOES CURE DRUNKENESS

This is a positive fact known to tens of thousands of wives and mothers of this land. They know Orrine is a reliable remedy for the cure of drunkenness, because it has restored their loved ones to lives of sobriety and usefulness. Every one of these women bought Orrine with full confidence that it would effect a cure or their money would be refunded to them if it failed. This guarantee is in each box. No other remedy for the cure of drunkenness is sold with this liberal guarantee, but Orrine has been so uniformly successful the makers want the buyers to know that they have full protection should fail in any instance. We never publish letters of patients but recently this letter came to us from ... Nolte, 8th and Race Sts., Philadelphia, Pa. Read it and you will readily appreciate why Orrine is so well thought of:

"I have a remarkable case of inebriacy under my personal observation. The patient drank heavily for fifteen years and reached a degraded condition, which caused the breaking up of his family and separation from his wife. Every hope was given up of ever saving the man from his strong desire for drink, and only a mother's interest finally persuaded him to voluntarily take treatment for his diseased condition. It was my pleasure to recommend Orrine, your liquor habit cure, and the treatment was taken faithfully. This was two years ago and the patient is now in a healthy condition and still abstains from the use of stimulants. I have sold Orrine for a number of years and have always found it to be satisfactory. I believe you have an exceptionally good treatment for this disease."

Orrine is prepared in two forms. No. 1, a powder, absolutely tasteless and odorless, given secretly in food or drink. Orrine No. 2, in pill form, is for those who wish to cure themselves. Orrine costs only $1 a box. The guarantee is in each box. Write for Free Orrine Booklet (mailed in plain sealed envelope) to Orrine Co., 665 Orrine Building, Washington, D. C. Orrine is for sale in this city by Hall's Drug Store, 10 N. Side Square.

They know Orrine is a reliable and efficacious remedy for drunkenness and they will not offer you a substitute.

Give Your Boy Spending Money

Of course you give your boy some spending money, because such a course is not only reasonable, but wise. Wouldn't it be also a good idea to give him some savings money?

The boy who gets only spending money, be it little or much, is far more likely to develop into a spendthrift, and then in the end you may feel that you are partly to blame for such a result. Why not give him a Savings Book, with a small sum entered in it as a starter? And then take an interest in it; encourage him to add a little to it from time to time; figure the the interest with him note the interest additions when the bank enters them in his book; show him that you are concerned not merely about his little joys of today, but also and seriously about his future success and happiness.

Think this over. And then remember that we are always glad to open such Savings Accounts, for even as little as one dollar.

WILL INCREASE ODD FELLOWSHIP AT GRANVILLE

Much Interest Taken and Drill Team Works Faithfully—College City News.

Granville, O., Feb. 1.—There seems to be no letup to the interest that is being taken in Odd Fellowship in Granville this winter and the lodge room is filled with enthusiastic brothers at every meeting. At the meeting held Monday night the attendance was unusually large and considerable business of importance to the lodge was transacted. Plans were discussed for increasing the membership and the members of the drill team put in some faithful practice, working until nearly eleven o'clock.

Mr. and Mrs. James Hunter of Richmond, Ind., who have been visiting at the home of Mr. and Mrs. L. R. Morris, on the Mt. Vernon road, for the past week, returned home Monday, after having had a very pleasant visit.

Mrs. Mary McPeeters, of near Jersey-O., who has been visiting at the home of Mr. and Mrs. Henry Forsythe, west of the village, for the past few days returned home Tuesday.

Mrs. Micha Priest and daughter, Miss Belle Priest, have moved into the property formerly occupied by Frank Atwell, corner of Granger and Broadway streets.

Your correspondent, in giving the report of the surprise on Mr. and Mrs. Edward Hobart, at their home, east of town, last week, was incorrectly informed regarding one very important matter in connection with the affair. It was stated that the occasion was the twenty-fifth anniversary of their marriage. It should have read the thirty-ninth anniversary. Well it didn't make much difference. Mr. and Mrs. Hobart are both very youthful in appearance and no one would dream that they have been married more than twenty-five years.

Ed. King is grieving over the loss of his fine setter dog. When Ed. retired Monday night the dog was safe in his kennel, but was missing Tuesday morning. Inquiry was made of many persons but no trace of the animal could be found, and it is feared that he has been stolen. Any information concerning the whereabouts of the dog will be thankfully received by Mr. King who is greatly worried over its disappearance.

The condition of Mr. John Smith, who has been suffering with blood poison in one of his feet for some time, is reported as being worse. The poison is creeping up the limb and has now nearly reached the knee.

Miss Laura Boyles has been spending a few days in Hebron, visiting her aunt, Mrs. William Koch.

Mr. and Mrs. L. C. Truman of Bucyrus, O., after a pleasant visit with friends in Granville, and Newark, have returned home.

Miss Laura Moore, a charming young lady of Lancaster, O., enjoyed a short visit at the home of David Hughes, north of the village, the latter part of last week.

Mr. and Mrs. Hayes Hankinson visited with Mr. and Mrs. Samuel Sipe, in Alexandria, the forepart of the week.

Miss Ella Henderson of West Carlisle, O., spent Sunday in the village.

Mr. Raymond Evans, of the Pittsburg Post, has been visiting at the home of his parents, Mr. and Mrs. C. B. Evans, on Granger street.

Miss Eura Wilkins of Mansfield, O., who has been visiting at the home of her uncle, Mr. Thomas Williams, several miles northeast of Granville, has returned home.

Mrs. Riley Patterson, who has been visiting her sister, Mrs. James Shaw, at her home in Zanesville, has returned home.

Mrs. Philip Phillips spent Monday in Alexandria the guest of friends.

Mr. and Mrs. G. L. Lloyd, who have been visiting relatives and friends in Zanesville for the past few days, have returned home.

Easy to buy, easy to try, the best, wholesome, appetizing breakfast is Mrs. Austin's famous pancakes.

The Bad Effects of CONSTIPATION

Impure blood, offensive breath, heavy head, shortness of breath, bilious attacks, fitful sleep, loss of appetite, feverish conditions, all come from one cause—Constipation.

The Good Effects of BEECHAM'S PILLS

remedy these conditions because they remove the cause. They start the bowels, work the liver, sweeten the breath, cleanse the blood, tone the stomach, clear the head, improve the appetite and bring restful sleep.

The oldest and best corrective medicine before the public is Beecham's Pills.

Sold Everywhere. In boxes 10c. and 25c.

ILL EFFECTS AFTER GRIP

Thorough Treatment of the Blood Necessary to Rid System of the Poisons of Influenza.

Whenever the blood becomes thin and watery or impure the whole system suffers, energy is lacking, vitality is low and the victim falls an easy prey to any disease which happens to be prevalent, such as the grip or acute fevers.

To keep the system in normal condition, the appetite good, the step vigorous, the brain clear and the muscles strong, a tonic is sometimes necessary. With the body thus toned up and the organs active there is a greatly reduced danger from prevalent diseases since the germs are overcome and passed off as nature intended they should be.

The tonic used should be efficacious and at the same time safe and harmless for the weakest constitution. Such a remedy is Dr. Williams' Pink Pills.

The tonic effect of Dr. Williams' Pink Pills is well shown in the case of Mrs. Cora Clark, whose address is Box 253, St. Charles, Mich. She says:

"I had an attack of the grip that left me with poor blood and I was a sufferer for several years. I had no ambition, was pale and weak and lost in flesh. I had palpitation of the heart, was so short of breath that I could scarcely walk across the room and suffered from sick headaches and dizzy spells. My blood was turning to water and everyone thought I was as near death as one could be and live.

"I doctored most of the time, but was never helped more than temporarily. One doctor said I would never get well without a long rest and a thorough treatment for my blood. While reading a paper I saw an account of a cure of anaemia by Dr. Williams' Pink Pills and had my husband get some right away. After taking a few boxes I was much better. I continued taking the pills until I was cured and cannot speak too highly of them for they certainly saved my life."

Dr. Williams' Pink Pills are guaranteed by the manufacturers to contain no opiate, narcotic or anything that could injure the most delicate system.

A booklet, "Diseases of the Blood," showing what these pills have accomplished in anaemia, rheumatism, general debility and after-effects of fevers will be sent free upon request.

All druggists sell Dr. Williams' Pink Pills, or they will be sent, postpaid, on receipt of price, 50 cents per box: six boxes for $2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

SECOND REASON

Why the Buckeye State Building and Loan Company is the Safest and Best Place for You to Deposit Your Money.

2. No loans made to officers or directors. This rule was adopted in 1898, 12 years ago. All loans are made only to outsiders, if they have sufficient security, it is easy to say yes; if they have not, it is not hard to say no. This is not true when directors loan to themselves and to each other. Our assets over $3,500,000. Five per cent paid on time deposits. Rankin Building, 22 West Gay street, Columbus, O.

HARPER MEMORIAL LIBRARY BUILDING

To Perpetuate Name of Late Chicago University President to Be Built at Cost of $600,000.

The Harper Memorial Library building, to be erected on the campus of the University of Chicago to perpetuate the memory of the late William Rainey Harper, the university's former president, will be one of the largest, most magnificent and costly structures in the world. The construction of this building is of special interest to the people of Newark and Licking County because Dr. Harper was at one time a professor in Denison University, Granville. The building is to cost $600,000, and $1[illegible],000 will be spent for furniture and fixtures. The sum of $200,000 has been set aside as a maintaining fund. Of the $900,000 in hand for the library, John D. Rockefeller contributed more than $600,000, the remainder being gifts by students, faculty members and and friends of the university, and accrued interest.

The building will stand between Lexington and Ellis avenues, on the north side of Fifty-ninth street, facing south on the Midway plaisance. It will be of gray Bedford limestone and will occupy 18,000 square feet of ground space. The main reading room, which will be the center of student study, will have room for 400,000 volumes, and this capacity will later be increased to 800,000 volumes. In the towers at either end will be special libraries and a large number of offices for professors and instructors, besides rooms which can be used for special literary work. The most modern facilities for the staff and librarians will be installed.

The total height of the library will be 113 feet and the height to the top of the tower pinnacles 138 feet. The library will be of six stories, although approximately the height of an eight story building and the towers will be divided into eight stories.

An international botanical congress will be held at Brussels in May.

BIG GAS WELL IS STRUCK IN HARDIN COUNTY

While men were drilling for oil on the Wickwire farm, northeast of Dunkirk, O., a rich gas well was struck at a depth of 1,400 feet which reports say is producing 2,000,000 feet a day. The well was found on land leased by a company of Findlay and Ada men, who, assisted by outside capital, have started to develop the oil fields which they feel confident are located in the northern part of Hardin county. The company has leased all the land obtainable in this section.

This well is within 20 miles of the lease held by The Richwood Oil, Gas and Mineral company, and according to the state geographical reports in the gas and oil belt extending through Putnam, Hardin, Union and part of Delaware counties, including Richwood and vicinity.

The Ohio-Bremen company will complete two more wells in the Junction City field within a few days.

The Elder company is making rapid progress with well No. 2 in the Junction City field and will have it completed within a few days.

The Shamrock company will be the next to come forward with a dividend check to their stockholders. It is reported that the first check will be issued within a few days.

The Capital company has as yet been unable to complete the well on the Gordon lease in Jackson township owing to a crooked hole and the inclement weather. They are on top of the sand with this well and hope to have it completed within a few days.

The Kochensparger company has been delayed several days with well No. 2 on the Patton lease on account of bad weather and being unable to get fuel. They hope to resume operations soon.

The Fidelity company has been delayed in getting started to drilling on the well located on the Tracey lease northwest of here on account of the bad weather.

The Twin Bridge company will hold their annual meeting of stockholders at their office on Tuesday, Feb. 1st.

The Crusade company will hold the annual meeting of stockholders at New Lexington, O., on Saturday, Feb. 26th, for the election of directors.

The Ludowici-Celadon company of this place is busy distributing pipe to the gas well which they recently purchased from the Amber Oil and Gas company on the Klinger farm near Junction City. As soon as the weather permits they expect to rush the line to completion.

The Laurel Creek company has started a well about two miles east of Tarlton, O. This is a new territory and good results are anticipated.

The Pike company held a meeting here last week and re-elected the same Board of Directors for the ensuing year. This company is in a prosperous condition and some nice dividends will await the stockholders this coming year.

The Avelon company sold its lease on the Shull farm near Bremen recently and it is reported that it will be drilled at once by the parties. Their well drilled in last week on the Grove farm is said to be better than 50 barrels per day.

The Great Expectation company has the banner well in the Bremen field as the well still continues to carry out the name which it bears. This is the second good well for this company and on account of the small amount of stock sold in this company makes it one of the valuable holds in this field.

The Ohio Central completed another good well on the Shriver lease in the Junction City field last week and expect to have their well No. 1 on the Wible lease in this week. They have been delayed some on this well with a small fishing job.

The Tukey Run company is drilling in the lime on well No. 1 on the Whitmer lease in the Junction City field. They expect to finish this well early in February.

The B. and O. company located on the Baldin lease in Bremen has one among the large producers in the field. This well was drilled in some days ago but has just been cleaned out and put in readiness to pump.

The directors of the McLuney Co. held a meeting last week and concluded to go to the deep sand with their well near Crooksville. They are now about 1200 feet deep.

The Mt. Hope company drilled in the second well in the Bremen field last week on the Stoner lease and it is reported to be good for about 50 barrels per day. Their well No. 1 on this lease is reported to be making three tanks of oil per week.

Free Sample Aids Old Men

The sudden change from years of activity of both body and mind to the quiet of later years causes the human system to undergo many changes, chief of which is in the digestive organs.

It becomes harder and harder to get the bowels to move promptly and regularly and in consequence many elderly men suffer not only from the basic trouble, constipation, but from indigestion, headache, belching, sour stomach, drowsiness after eating and similar annoyances. It is first of all necessary to keep the bowels open and then to tone the digestive muscles so as to get them to again do their work naturally. A violent cathartic or purgative is not only unnecessary but harmful, and something mild will do the work just as well.

After you have got through experimenting with salts and pills and waters of various kinds, and have become convinced that they do only temporary good at best, then try Dr. Caldwell's Syrup Pepsin, a mild, gentle, pleasant-tasting laxative tonic that is especially adapted to the requirements of old people, women and children, and yet is effective enough for anybody. Your druggist, who has handled it successfully for a quarter of a century, will sell you a bottle for fifty cents or one dollar, but if you want to make a test of it before spending any money send your name and address to Dr. Caldwell and he will gladly send you a sample bottle free of charge.

This remedy is rapidly displacing all other forms of medication for the cure of stomach, liver and bowel trouble, and families like Mr. O. F. Wisher's of Sycamore, Ill., and Mrs. Carrie Culler's of 325 N. Notre Dame street, South Bend, Ind., are now never without it in the house. They have tested it and know its grand value to every member of the family.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, 11 510 Caldwell building, Monticello, Ill.

Use Our Money In 1910 Start The New Year Right

If you want to get all your little bills into one bill on which you can make easy weekly or monthly payments, so small that you will not feel them we can arrange it for you. We can make you a private loan, quickly and without red tape, on your household goods, piano, horses, wagons, or other personal property, without removal.

If you live in the country and have cattle or implements we can accommodate you with money to tide you over the period when money is scarce.

We have helped thousands—let us help you to start 1910 right, with money in hand to be independent of the worries that hamper the man who is "broke". $5 per week repays a $25 loan in 50 weeks—other amounts at same proportion. Write today—use blank below.
